Family catering menus are designed in such a way that we do 95% the cooking, and all you do is reheat in the containers provided (and/or a sauce pot on the stove) to finish preparing the meal. This way you and your family can enjoy the food at its best when you want to. Cold items such as salad and desserts may need to be dressed or finished with minimal effort to guarantee the best experience for you and your guests.

Please allow 48-hour notice prior to desired pickup date and time so we may get your order ready on time

We do offer warm pick-up on request on Thursdays, Fridays and Saturdays from 4 to 8pm.
